The Virginia Association of Honor Societies supports the efforts of the National Honor Society and the National Junior Honor Society in appropriately recognizing students who demonstrate outstanding accomplishments in the areas of scholarship, character, leadership, and service. Throughout the commonwealth, affiliated schools enjoy opportunities for significant learning experiences and active engagement in service. As a member of the VAHS schools enjoy a co-curricular activity that actively supports the educational goals of the school.

School membership is renewable each year and also provides the school adviser membership in the Virginia Association of Student Activity Advisers. In addition, the Department of Student Leadership (DSL) newsletter is printed four times each year and provided to all member schools. Member discounts apply to all workshops, conferences, and camps. We invite you to join the VAHS.
